Choose Green, Choose the Connacht

Our latest initiative is that we will offset the impact of any corporate guests overnight stay or meeting room booking. We have calculated that an overnight corporate guest generates 2.66KG of CO₂, a fully grown tree would offset 21KG per annum. Based on the customer journey we are estimating that the average meeting delegate would generate approx. 1.1KG of CO₂. This is with a light lunch and use of the meeting rooms) The cost of planting a tree with "Hometree" is €4.00 so each overnight corporate guest we are going to allocate .50c from the sales and marketing budget to the end of the year, 21c for each conference delegate and each overnight conference delegate we will take .71c.) We are partnering with environmental charity "Hometree" a registered charity that plants native Irish trees and who's aim it is to conserve permanent native woodland in Ireland, encouraging land regeneration and biodiversity through afforestation, restoration, and education who will plant trees to offset this impact.

E-Chargers at the Connacht

As part on our ongoing commitment to the environment, guests who have an electric car can charge their vehicle here at the Connacht Hotel. We have two Electric Vehicle Chargers located in our carpark. Guests wishing to avail can download the app 'Easygo' to use & pay for the charger. Charged at 24c per Kilo Watt Hour. Estimate of cost: 4 hours to charge a Nissan Leaf to 80% would cost approx. €10

•Innovation and Technology

**Meeting Rooms with
Wireless Screen Connectivity**

Wireless screen connectivity refers to the ability to easily connect laptops, tablets, or other devices to a larger screen without the need for cables. This feature is incredibly useful during presentations, brainstorming sessions, and collaborative discussions. Attendees can share their screens seamlessly, display slideshows, videos, or any other content relevant to the meeting. This enhances visual communication and engagement among participants.

Internal Request Telephones

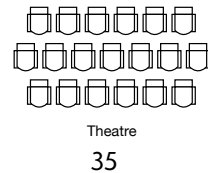

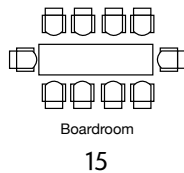

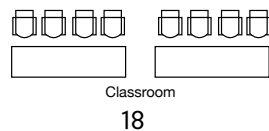

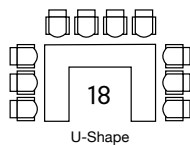

Internal request telephones likely provide a convenient way for event organizers and participants to communicate directly with hotel staff. This feature can streamline coordination and address any immediate needs that may arise during the event. For example, if additional seating is required, technical support is needed, or catering adjustments are necessary, event organizers can make quick requests through these telephones.

Video Conferencing in the Wellpark Suite

The video conferencing capability is a great feature, particularly for hosting larger events like town halls and company-wide offsites. This technology can facilitate virtual communication and make it easier for teams to connect and interact, reducing the need for everyone to be physically present. This is especially valuable for companies with dispersed teams or when travel may not be feasible. Virtual attendees can still actively participate, ask questions, and contribute to discussions, enhancing inclusivity and collaboration. Overall, these amenities make The Connacht Hotel your go-to choice for various types of corporate gatherings and events.

•The Aviary

The Aviary for Corporates

This eye-catching and ultra-modern area is our covered outdoor space at The Connacht Hotel. Featuring a retractable roof, sliding windows, and ample space, it is best suited for corporate meetings with a twist.

Located to the front of The Connacht Hotel, The Aviary offers a secluded setting that would be ideal for team meetings, company offsites, brainstorming sessions, and more. Featuring three TV screens, generous seating, and a great atmosphere, it's more than conducive to a productive session or two. No doubt, it's easy to imagine your team coming together for a successful day here, while also sampling some of the hotel's culinary offerings.

Please enquire with us if you would like to set up a corporate rate at the hotel.
We would be delighted to look after you when you are doing business in Galway.
